

## Save Money On Urgent Care And Hi-Tech Imaging Services

Be A Wise Health Care Consumer:

⇒ New savings opportunities (as of July 1, 2016) for HMO and PPO Members:

Reduced copay for urgent care services

- Prior to July 1, 2016: HMO - \$25 copay and PPO - \$30 copay;  
**Effective July 1, 2016: HMO - \$15 copay and PPO - \$20 copay**
- For less serious, non-life threatening situations (i.e., Minor accidents like burns, cuts, strains and sprains, or common medical problems like the flu, colds, earaches, sore throat, etc.), rather than going to the emergency room (ER) and paying a \$150 copay, members are encouraged to visit an urgent care center and pay less.

**\$0 copay** for hi-tech imaging services (e.g., CT scans, MRI, MRA) when done at a non-hospital affiliated freestanding facility (This is a **\$35 savings** to you!)

### Call To Action

↳ For more information and to access a listing of urgent care centers and non-hospital affiliated freestanding imaging facilities, visit the Consumerism Resource Link at [www.ben.omb.delaware.gov/consumerism](http://www.ben.omb.delaware.gov/consumerism) and select "New Savings Opportunities" under the Announcements section.

## Designating A Beneficiary Is An Important Part Of Your Life Insurance

**SECURIAN®**

Designating your beneficiary(ies) is important. It lets you determine who receives the proceeds from your policy. Your beneficiary can be a person, a charity, a trust or your estate. You can split the benefit among multiple beneficiaries as long as the total percentage of the proceeds equal 100%.

### Call To Action

↳ Visit [www.ben.omb.delaware.gov/life](http://www.ben.omb.delaware.gov/life) and select the link "Designating a Beneficiary" under Helpful Resources. You will learn about choosing a beneficiary, how to view your current designations or make changes and a service that is available called beneficiary financial counseling.

## August Is National Children's Eye Health And Safety Month

Did you know that 80% of a child's learning comes from their eyes? EyeMed's "Eye Site On Wellness" website contains a wealth of information, resources and tips on keeping your child's eyes safe and healthy.

### Call To Action

↳ Visit [www.ben.omb.delaware.gov/vision](http://www.ben.omb.delaware.gov/vision) and select "Eye Site On Wellness" under Helpful Resources.
