

ASIFlex Debit Card

Your card for Better Benefits.

The ASIFlex Debit Card provides a convenient method to pay for out-of-pocket health care expenses for you, your spouse and/or any tax dependents. The IRS has stringent regulations regarding appropriate use of the ASIFlex Card, such as **where the card can be used, and when follow-up documentation is required. Use of the ASIFlex Debit Card is not paperless and DOES NOT eliminate paperwork.** The ASIFlex Debit Card is a great benefit, but it is important that you take a moment and understand how it works.

Do I have to turn in documentation when paying with the ASIFlex Debit Card?

If you use the ASIFlex Debit Card, you are only required to submit backup documentation if the transaction is unable to be electronically substantiated.

Transactions are electronically substantiated if:

- ↳ The dollar amount of the transaction at a health care provider equals the dollar amount of the co-payment for the employer-sponsored health, vision or dental plan that participant has elected;
- ↳ The expense is a recurring expense that matches expenses previously approved as to amount, provider, and time period; or
- ↳ The merchant maintains a compliant Inventory Information Approval System (IIAS) for over-the-counter supplies and prescription medication.

Any transaction that does not meet the above criteria will prompt a request for follow-up documentation. For more information regarding follow-up documentation visit ASIFlex's Debit Card Documentation Requirements at www.asiflex.com/DocumentationRequirements.

Where can the ASIFlex Debit Card be used?

Per IRS regulations, the ASIFlex Debit Card can only be used at Health Care Providers (based upon the Merchant Category Code) and at stores that have implemented an Inventory Information Approval System (IIAS).

- ↳ **Health Care Merchant Category Codes (MCC):** Every merchant that accepts credit cards has an MCC, which is a general category that is assigned when the merchant applies for the right to accept credit cards. The ASIFlex Card will work to pay providers that have an MCC that indicates the merchant is a health care provider (hospital, doctor, dentist, optometrist, chiropractor, etc.).
- ↳ **Inventory Information Approval System (IIAS):** The IRS also allows the ASIFlex Card to be used at retail stores that have IIAS in place. IIAS restrictions and a list of stores with this system in place now (and some expected in the future) is available online, at www.asiflex.com/DebitCards.
