CONSUMER-DIRECTED HEALTH GOLD PLANS

The State offers two Consumer-Directed Health Gold Plans (CDH Gold) through Aetna and Highmark Delaware. The CDH Gold Plans provide access to quality, comprehensive health care coverage and give you more control over your health and how your healthcare dollars are spent. Below is additional information on how a Consumer-Directed Health Gold Plan works and why it may be a good fit for you and your family.

How Does the Consumer-Directed Health Gold Plan Work?

A Consumer-Directed Health Gold (CDH) Plan is similar to any other type of health plan that provides in-network and out-of-network benefits. You and your family will receive higher benefits if you see providers within the Aetna and Highmark Delaware networks. The plans include an annual deductible you must meet before the plan pays in full. These plans include a fund, called a Health Reimbursement Account (HRA), for you to pay eligible medical expenses and meet the required deductible. The State provides the funding for the HRA. Generally, out-of-pocket expenses for the eligible health care services will be paid from the HRA fund, as long as there is money available. As long as you remain enrolled in a State of Delaware CDH Gold Plan, unused HRA funds will rollover to the next plan year. If you are no longer enrolled in a CDH Gold Plan through the State of Delaware Group Health Insurance Program, you forfeit the funds within the HRA.

Preventive Care and well visits are covered at 100% with no deductible when you see an in-network provider. Prescription drug coverage is the same as all other health plans and co-pays do not apply to your deductible.

How the HRA Fund Works

- The HRA fund is 100% funded each year by the State of Delaware Group Health Insurance fund and helps you pay eligible out-of-pocket expenses.
- After you use up the funds in the HRA, you must satisfy an annual deductible.
- After you satisfy the deductible, you and the State of Delaware share the cost of the medical expenses through coinsurance. Under the CDH Gold Plan, the State of Delaware pays 90% and you pay 10% (in-network).
- The CDH Gold Plan pays 100% for the rest of the year after you reach your annual out-of-pocket maximum.
- Unused HRA funds rollover to the next plan year as long as you remain enrolled in a State of Delaware CDH Gold Plan.
- HRA funding is forfeited upon enrollment in any other State of Delaware health plan, upon termination from coverage through the State of Delaware or upon becoming a Medicare eligible retiree.

Added Financial Protection and Peace of Mind

The CDH Gold Plan also provides extra financial protection through annual medical and prescription out-of-pocket maximums. This means there is a limit on the amount you pay out of your pocket for in-network expenses and after you meet the deductible during the plan year. Once you meet your out-of-pocket limits within a plan year, the plan generally takes over and covers all of your eligible expenses for the rest of the same plan year.

Be Responsible for Making Informed Decisions

Accepting responsibility for your plan choice is the first step in investing in your health and your future! The following pages highlight each of the plans offered through the State of Delaware Group Health Insurance Program and provide more information on how the CDH Gold Plan offered by Aetna and Highmark Delaware compares to the other plans available. More details on each health plan option including an online video can be found at www.ben.omb.delaware.gov/oe.
HEALTH PLAN DESCRIPTIONS - AETNA

TWO PLANS TO CHOOSE FROM:

Aetna HMO Plan
- Local and National Network Access - It's simple to access care from Aetna's large network of providers in DE, PA, Southern NJ, MD and across the country.
- Primary Care Physician Selection is required - Your PCP will assist in managing your care with your other Health Care providers.
- Referrals are required for certain services and are obtained through your primary care physician.
- Most Preventive Care is covered at 100%.

Aetna CDH Gold Plan (Open Choice PPO) with an HRA
- You can see any doctor you want, without a referral.
- Most Preventive Care is covered at 100% when rendered in-network.
- Your employer provides you with a fund to help cover eligible health expenses.

Here's how your fund would work with the Aetna CDH Gold Plan, there are three parts - the fund, the deductible and the health plan.

Here’s how they work:

1. THE FUND:
   Each year, your employer funds a health reimbursement account - the fund - for you. You can use fund dollars to pay eligible out-of-pocket health care costs. Fund dollars can even pay partial amounts of these costs. If you don’t use the whole fund in one year, no worries, unused amounts can roll over to the next year. However, if you change employers or leave the health plan, you can’t take the fund with you.

2. YOUR DEDUCTIBLE:
   This is an amount you must pay for eligible expenses. Once you pay the full deductible, your health plan begins to pay benefits. As you use the fund, the payments count toward your deductible. That means you have less to pay out of your own pocket!

3. YOUR HEALTH PLAN:
   Once you meet your deductible, your health plan pays its share for eligible expenses.
   You pay a smaller share of these costs from your own pocket.

No matter which Aetna plan you choose, you can SAVE with AETNA DISCOUNT PROGRAMS!
Aetna offers discounts such as: Vision Discounts, Gym and Gym Equipment Discounts, Vitamin Discounts, Hearing Aid Discounts, Massage Therapy Services and many more.

When you become an Aetna member you can sign up for Aetna’s members-only website. You get tools and resources to help you manage your health and your benefits.
All of your plan information and cost-savings tools are in one place - your Aetna Navigator member website.

Call Aetna’s Member Services at 877-542-3862 to learn more about how the Aetna HMO Plan and Aetna CDH Gold Plan has everything you need to help you be your healthiest.
Additional information can be viewed at www.ben.omb.delaware.gov/medical/aetna.

Tip: Considering an HMO?
Go to the Statewide Benefits Office, OMB website at www.ben.omb.delaware.gov, under Benefit Programs select “Health”, then select carrier (Highmark or Aetna) and choose “Find a Health Provider” to locate which health care professionals are on their approved provider lists.

When you enroll in a health care plan, you will automatically be enrolled in prescription drug coverage managed by Express Scripts. Note: State share and pensioner contributions depend on years of service and date of hire/retirement.

*Rates listed above are per month.
IMPORTANT INFORMATION FOR ACTIVE EMPLOYEES AND PENSIONERS REACHING AGE 65 - MEDICARE ELIGIBILITY & ENROLLMENT

Delaware Law and the State of Delaware's Group Health Insurance Program's (GHIP) Eligibility and Enrollment Rules require members covered under a State of Delaware health plan to follow certain obligations with regards to Medicare enrollment in order to be eligible for health coverage through the State of Delaware based on employment status, age and/or disability. Below are several situations:

**SITUATION A:** Active employee or active employee’s spouse enrolled in a State of Delaware GHIP plan turns age 65

- Enrollment in Medicare Part A is required;
- Enrollment in Medicare Part B is not required until active employee retires or no longer has active employer health coverage.

Information about Medicare: Parts A, B, and D

PART A: Hospital Insurance
Most people don’t pay a premium for Part A because they or a spouse already paid for it through their payroll taxes while working. Medicare Part A (Hospital Insurance) helps cover inpatient care in hospitals, including critical access hospitals and skilled nursing facilities (not custodial or long-term care). It also helps cover hospice care and some home health care. Beneficiaries must meet certain conditions to get these benefits.

PART B: Medical Insurance
Most people pay a monthly premium for Part B as determined by the Social Security Administration. Medicare Part B (Medical Insurance) helps cover doctor’s services and outpatient care. It also covers some other medical services that Part A doesn’t cover, such as some of the services of physical and occupational therapists and some home health care. Part B helps pay for these covered services and supplies when they are medically necessary. As a State of Delaware pensioner, spouse, or dependent, you are required to enroll in Medicare Part B, when eligible, based on age or disability.

PART D: Prescription Drug Coverage
Medicare-eligible retirees and Medicare-eligible dependents of retirees who wish to receive prescription drug benefits through the Group Health Insurance Plan (GHIP) will be offered the opportunity to participate in the only prescription drug plan available through the GHIP for Medicare-eligible retirees – the employer-sponsored Enhanced Medicare Part D Prescription Drug Plan called the Express Scripts Medicare (PDP) for the State of Delaware. Coverage through another Medicare Part D prescription drug plan is not allowed if you wish to retain your coverage through the Express Scripts Medicare PDP for the State of Delaware. If you enroll in a Medicare prescription drug plan, other than the Express Scripts Medicare PDP for the State of Delaware, prescription drug coverage through the State of Delaware for you and your eligible dependents will terminate.
State of Delaware Pensioners, spouses and dependents enrolled in Medicare Part A and Part B for primary medical coverage and also eligible for or enrolled in the Highmark Delaware Special Medicfill Medicare Supplement plan, **DO NOT make changes in Special Medicfill coverage until a separate Open Enrollment period available each October for the following January.**

Current rates below are for the 2016 plan year (January 1, 2016 – December 31, 2016) and remain in effect through December 31, 2016.

COST SAVING PRESCRIPTION PROGRAMS

Diabetic Program

- **Diabetic supplies** (lancets, test strips, syringes/needles) are provided at no cost ($0 copay) when the prescription is filled at a retail participating pharmacy, a 90-day participating pharmacy or the Express Scripts Pharmacy (mail order). Supplies do not need to be ordered at the same time as medications to take advantage of the $0 copay.

- **Multiple diabetic medications** may be obtained for just one copay when the prescriptions are filled at the same time at a 90-day participating pharmacy or the Express Scripts Pharmacy (mail order).

MAINTENANCE MEDICATION PROGRAM
Maintenance Medications are those used to treat chronic conditions and long-term conditions. Examples include blood pressure medications, cholesterol-lowering medications, and asthma medications. For more information, visit www.ben.omb.delaware.gov/script/planinfo.shtml under Benefit Descriptions > “How Can I Save On Costs?”

The State of Delaware Prescription Plan requires that maintenance medications be filled for 90 days, and a penalty applies when a 30-day prescription is filled for the 4th time. The penalty is that the member receives a 30-day supply of medication and is charged the 90-day copay, as shown on the chart below.

Members can avoid paying a penalty by asking their doctor to write maintenance medication(s) prescriptions for a 90-day supply. Members can then fill 90-day prescriptions:

1. At a 90-day retail pharmacy that participates in the Express Scripts Network. To verify coverage at a particular pharmacy, check the Express Scripts website www.Express-Scripts.com or call 1-800-939-2142. For more information visit the Statewide Benefits website at www.ben.omb.delaware.gov/script/planinfo.shtml.

2. Through the Express Scripts Pharmacy (home delivery):
   • To get started go to the Express Scripts website www.Express-Scripts.com or call 1-800-939-2142 to speak with an Express Scripts Member Services representative.
   • If enrolled in Medicare call 1-877-680-4883 to speak with an Express Scripts Medicare Member Services representative.

THE COVERAGE REVIEW PROCESS
The Coverage Review Program is designed to keep up with changes in the prescription marketplace and ensures that plan participants are receiving prescription medications that result in appropriate, cost-effective care. The coverage review process may be necessary when:

• the medication is not on the formulary or covered under the plan; or,
• the medication is used to treat multiple conditions.

If you are taking any drugs that are subject to coverage review, Express Scripts will need to review additional information from your doctor before a decision can be made if prescription can be covered under the prescription drug plan. Please check the Statewide Benefits website at www.ben.omb.delaware.gov/script/programs.shtml. The Coverage Review Program is designed to keep up with changes in the prescription marketplace.

Enrolling in a State of Delaware Group Health Plan provided by Highmark Delaware or Aetna gives you automatic, confidential access to their online resources, health coaching, online health assessments and disease management programs. A licensed professional Health Coach may call if you have a health condition to offer you services to better manage your health. You are encouraged to take the call as what you learn could make a real difference in improving your health.

The greatest wealth is having your health! There are no cash incentives in the 2016-2017 DelaWELL Program Year; however, the State of Delaware encourages you to focus on the things that really matter like leading a happy and healthy life. In addition, participation in the DelaWELL Health Management Program is an effective way to help control health care costs for the State of Delaware and its members.

Call To Action

The State of Delaware is encouraging employees who are enrolled in either a Highmark Delaware Non-Medicare Plan or Aetna Plan to complete these two simple steps:

1. **Schedule and attend your Annual Physical Exam**
   Most preventive care is covered 100% (no charge to you). Your doctor (Internal Medicine, General Practitioners, Family Practice and GYNs) can provide annual physicals, as well as treat small problems before they become serious. During a routine physical, your doctor can measure things like your height, weight and blood pressure, review your health history and make sure you are up to date with your age-appropriate screenings. A regular exam is a great way to help strengthen your doctor-patient relationship.

2. **Complete your online Health Assessment (Wellness Profile)**
   It is a simple online survey, located on the Highmark Delaware and Aetna websites, which helps you understand where you stand with your health and provides an action plan and recommendations that can help you to maintain or improve your well-being. When completing your online Health Assessment, be sure to have your latest biometric numbers handy from your annual physical exam, as it will ask for this information.

Look for additional information on the services and programs offered through Highmark Delaware and Aetna on the next few pages of this booklet.

Here you will find information on gym and wellness discounts, health resources, frequently asked questions, an annual physical exam checklist, tracking sheet and doctor memo and the wellness and disease management benefits provided through the health carriers.

Check out the New Consumerism Resource Link ([www.ben.omb.delaware.gov/consumerism](http://www.ben.omb.delaware.gov/consumerism)) for additional wellness/disease management information and resources.

DELTA DENTAL AND DOMINION DENTAL SERVICES
ADMINISTER THE STATE’S DENTAL PROGRAMS

What's NEW beginning July 1, 2016:

- Dental implants will be a covered benefit. Dental implants are an alternative to dentures and bridges to replace natural teeth and roots. However, not everyone is a candidate for an implant. Talk with your dentist to discuss your options and request a pre-treatment estimate.

- Under the Delta Dental PPO plan coverage is subject to applicable deductible, coinsurance and annual maximum limitations. Coverage under the Dominion Dental Select Plan is subject to applicable copayments.

Remember:

Enrollment in any of these dental plans is a Binding Election until next year’s open enrollment. If you are enrolling in the Dominion Dental HMO – before you enroll make sure your dentist participates in this plan.

You cannot change plans or drop coverage during the plan year if your dentist decides to no longer participate in the plan. You will be given the opportunity to choose another participating dentist. Call before enrolling to be sure the dentist is accepting new patients.

Delta Dental PPO Plus Premier Plan

This program allows you to visit any dentist you choose and receive applicable benefits. You’ll likely save the most if you visit a dentist who participates with Delta Dental. You do not have to pick a primary care dentist; you are free to choose any dentist for any covered service at any time.

Delta Dental has the largest network of participating dentists in Delaware and the United States. Your Delta Dental program gives you access to two Delta Dental dentist networks at once that offer different degrees of savings. You can choose a dentist from the larger Delta Dental Premier® network or one from the smaller Delta Dental PPO network, which features lower allowances and lower out-of-pocket costs, or a dentist who does not participate with Delta Dental. Your choice of dentists can determine the cost savings you receive.

Delta Dental payments vary by service, based on Delta Dental’s schedule of allowed amounts for its networks. Reimbursement maximums and deductibles apply. Your annual reimbursement maximum is $1,500 per plan year per participant. Delta Dental dentists cannot balance bill above the applicable allowed amount for covered services. Non-participating dentists can bill you for the difference between their full charge and Delta Dental’s payment.

Here is an example of how you can save by using a Delta Dental dentist:

As of March 1, 2016, Minnesota Life, the provider of the State of Delaware’s Group Universal Life (GUL) Insurance Program, adopted the brand of its parent company, Securian Financial Group, Inc. (Securian). Please note that “Minnesota Life Insurance Company” will continue to be the underwriter for the program and will be noted as such. Although you will see the new brand reflected in the materials you receive and on the SBO website (www.ben.omb.delaware.gov/life), you will not see any changes to your group life insurance coverage or premium rates as a result of this change.

What is Group Universal Life (GUL) Insurance?

What coverage options are available to current and newly hired eligible employees?
Benefit eligible active State of Delaware and DSWA employees may purchase one to six times base annual salary up to $350,000. During your initial 90 calendar day eligibility period, newly hired benefit eligible active State of Delaware and DSWA employees may purchase one, two or three times annual base pay up to $200,000 without providing proof of good health to Securian or you may purchase four, five or six times annual base pay up to $350,000 with proof of good health to Securian. Your GUL and Accidental Death & Dismemberment (AD&D) coverage will be based on your “Highest Ever Salary”. This means that if in the future, your base annual salary increases, your coverage will automatically be increased appropriately up to $350,000. Eligible employees purchasing the maximum guaranteed issue of $200,000 are not eligible for automatic coverage increases as a result of salary changes. Subsequently, if your base annual salary decreases (i.e., you change your position from full-time to part-time), your GUL and AD&D (for more information on AD&D visit www.ben.omb.delaware.gov/life) coverage amount will not decrease.

Enrollment in the GUL program is open throughout the year! Benefit eligible active State of Delaware and DSWA employees who have exhausted their initial eligibility period may apply at any time for enrollment in the program or change their current enrollment elections by simply applying and providing proof of good health to Securian.

How much does it cost?

Ported (Terminated or Retired) GUL Enrollees may reduce their coverage amount.
**Does my GUL policy accrue cash value?**

If you are enrolled in the GUL program, you have the option to make additional premium contributions that grow tax-deferred in a cash accumulation account. All additional premium contributions are deducted from your paycheck along with your premium for the cost of your life insurance protection. Each contribution made to your cash accumulation account is assessed a one-time administration charge of three percent. After that, your contribution earns a fixed rate of return, guaranteed not to fall below four percent. Any cash accumulated in your policy will pass on to your beneficiary (ies) income-tax free at your death. If you have contributed to the cash accumulation account and accumulated cash value, you may access your funds by withdrawal or loan, which will reduce the policy’s total death benefit.

**How do I enroll online and/or make coverage changes?**

Benefit eligible active State of Delaware and DSWA employees increasing coverage or enrolling for the first time, or Ported (Terminated or Retired) GUL enrollees decreasing coverage amounts, should follow the steps located at www.ben.omb.delaware.gov/life.

**Note:** Benefit eligible active State of Delaware employees can access the Securian website using Single Sign-On through Employee Self Service (ESS) - www.employeesselfservice.omb.delaware.gov. Once logged in, follow the navigation to the

Securian website: Main Menu > Self Service > Benefits > Securian GUL.

STATE OF DELAWARE - SPOUSAL COORDINATION OF BENEFITS (COB) POLICY

The State of Delaware Spousal Coordination of Benefits Policy was instituted in 1993 and updated in 2011 to include spouses who retire from an employer other than the State of Delaware.

In general, the policy states that if:

• the state employee/pensioner’s spouse is employed full-time or retired from another employer;
  and
• that employer/former employers offers group health insurance coverage;
  and
• the employer/former employer pays at least 50% of the premium for the lowest employee/pensioner only plan, then,
  the spouse must obtain coverage as primary through his/her employer/former employer.

The complete Spousal Coordination of Benefits Policy can be found at www.ben.omb.delaware.gov/documents/cob.

The Spousal Coordination of Benefits Policy Form MUST be completed each year during Open Enrollment and anytime your spouse’s employment or insurance status changes, if you cover your spouse in one of the State of Delaware Group Health Insurance medical plans. The completed form is used to determine a spouse’s eligibility to receive primary coverage through the State of Delaware health plans. You will be contacted if additional documentation regarding your spouse’s coverage is required.

• If you are an employee or pensioner covering a spouse in a non-Medicare State of Delaware Group Health Insurance health plan, you are required to complete a new Spousal Coordination of Benefits form each year during Open Enrollment and anytime your spouse’s employment or insurance status changes.

• If you are a pensioner and cover a spouse in the Highmark Delaware Special Medicfill Medicare Supplement plan, you do not need to complete a Spousal Coordination of Benefits form at this time, unless your spouse’s employment or health insurance status has changed since July 2012.

• If you and your spouse are both benefit-eligible State of Delaware employees or pensioners, the spouse who carries the benefits MUST complete a new Spousal Coordination of Benefits form each year during Open Enrollment. When completing the form, be sure to check the box to confirm your spouse is a benefit-eligible State of Delaware employee or pensioner.

• If you are a Participating Group employee, married to a State of Delaware employee who is enrolled in the Group Health Insurance Program, you MUST elect coverage for yourself through your employer rather than be covered under your spouse.

• Failure to complete this form or provide additional documentation when required will result in a reduction of spousal benefits.

After you login follow the navigation to the form:
Main Menu > Self Service > Benefits > Spousal Coordination of Benef.

DOUBLE STATE SHARE

In accordance with House Bill 81, signed into law on May 2, 2011, Double State Share was eliminated for new employees hired after January 1, 2012, as well as employees/pensioners if they became benefit eligible or married another benefit eligible state employee/pensioner after January 1, 2012.

Effective July 1, 2012, employees/pensioners who are enrolled in a Double State Share (DSS) plan will pay a premium of $25 per month for each health plan chosen. If enrolled in DSS Employee and Spouse or Family plans, one $25 per month charge will apply. If enrolled in separate plans (for example - two DSS Employee Only plans or one DSS Employee Only plan and one DSS Employee and Children plan,) a $25 per month charge will apply to each plan.

If you and your spouse have chosen to be enrolled in separate DSS contracts, you will both be charged $25 per month. To avoid two monthly charges, you and your spouse may change your enrollment to a DSS Employee and Spouse, or Family contract, during open enrollment and only one $25 per month charge will apply.

Who Carries the Benefits?

• While both spouses are active employees, the spouse whose birthday falls first in the calendar year should carry the coverage.
• While at least one spouse is an active employee, the active employee should carry the coverage.
• Once both spouses are pensioners, the younger spouse should carry the benefits.

Active employees eligible for Double State Share must make changes to their enrollment by logging onto eBenefits at http://www.employeeselfservice.omb.delaware.gov/ from May 9 to May 26, 2016 and making the appropriate changes. If you do not remember your password, click on Self-Service User Account Assistance on the left and submit an online request to reset your password.

Pensioners eligible for Double State Share and enrolled through the Office of Pensions should contact the Office of Pensions at 302-739-4208 or 1-800-722-7800 regarding monthly premiums.

More information about House Bill 81 and this change to Double State Share can be found at www.ben.omb.delaware.gov/hb81.

Availability of Summary Health Information

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

Your plan offers a series of health coverage options. Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about any health coverage option in a standard format, to help you compare across options.

For Highmark Delaware members, the SBC is available at http://ben.omb.delaware.gov/medical/bcbs.

For Aetna members, the SBC is available at http://ben.omb.delaware.gov/medical/aetna.

A paper copy is also available, free of charge, by calling 1-800-489-8933.
IMPORTANT NOTICE

COMPREHENSIVE NOTICE OF PRIVACY POLICY AND PROCEDURES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice is provided to you on behalf of:

• The State of Delaware Employee Health Care Plan
• The State of Delaware Employee Dental Care Plan
• The State of Delaware Employee Assistance Program
• The State of Delaware Employee Flexible Benefits Plan
• The State of Delaware Employee Pharmacy Care Plan
• The State of Delaware Employee Vision Care Plan

These plans comprise what is called an “Affiliated Covered Entity,” and are treated as a single plan for purposes of this Notice and the privacy rules that require it. For purposes of this Notice, we’ll refer to these plans as a single “Plan.”

The Plan’s Duty to Safeguard Your Protected Health Information.

Individually identifiable information about your past, present, or future physical or mental health or condition, including genetic information, the provision of health care to you, or payment for the health care is considered “Protected Health Information” (“PHI”). The Plan is required by law to extend certain protections to your PHI, and to give you this Notice about its privacy practices that explains how, when and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required by law to follow the privacy practices described in this Notice currently in effect, though it reserves the right to change those practices and the terms of this Notice at any time. If it does so, and the change is material, the Notice will be posted on the State of Delaware website at http://ben.omb.delaware.gov/hipaa no later than the effective date of the change and thereafter sent in the Plan’s next annual mailing. This Notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan’s Privacy Official, described below).

You may also receive one or more other privacy notices, from insurance companies that provide benefits under the Plan. Those notices will describe how the insurance companies use and disclose PHI, and your rights with respect to the PHI they maintain.
COMPREHENSIVE NOTICE OF PRIVACY POLICY AND PROCEDURES

How the Plan May Use and Disclose Your Protected Health Information.

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative, e.g., a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan’s uses and disclosures of your PHI.

• Uses and Disclosures Relating to Treatment, Payment, or Health Care Operations.

  • Treatment: Generally, and as you would expect, the Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists and other health care professionals where the disclosure is for your medical treatment. For example, if you are injured in an accident, and it’s important for your treatment team to know your blood type, the Plan could disclose that PHI to the team in order to allow it to more effectively provide treatment to you.

  • Payment: Another important function of the Plan is that it pays for all or some of the medical care you receive (provided the care is covered by the Plan). In the course of its payment operations, the Plan receives a substantial amount of PHI about you. For example, doctors, hospitals and pharmacies that provide you care send the Plan detailed information about the care they provided, so that they can be paid for their services. The Plan may also share your PHI with other plans, in certain cases. For example, if you are covered by more than one health care plan (e.g., covered by this Plan, and your spouse’s plan, or covered by the plans covering your father and mother), we may share your PHI with the other plans to coordinate payment of your claims.

  • Health care operations: The Plan may use and disclose your PHI in the course of its “health care operations.” For example, it may use your PHI in evaluating the quality of services you received, or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverage.

• Other Uses and Disclosures of Your PHI Not Requiring Authorization.

The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:

• To the Plan Sponsor: The Plan may disclose PHI to the employers (such as State of Delaware) who sponsor or maintain for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employers. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage and other disputes related to the Plan’s provision of benefits; The State Insurance Department for the purpose of reviewing the state’s insured plans.

• Required by law: The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect or domestic violence, or relating to suspected criminal activity, or in response to a court order or administrative tribunal. Your PHI may be disclosed for law enforcement purposes under some conditions. It must also disclose PHI to authorities who monitor compliance with these privacy requirements.
**National Priority Uses and Disclosures:** When permitted by law, the Plan may use or disclose medical information for various activities that are recognized as “national priorities.” In other words, the Federal government has determined that under certain circumstances (described below) it is so important to disclose medical information that it is acceptable to disclose it without the individual’s authorization. We will only disclose medical information about you in the following circumstances when we are permitted to do so by law:

- **For public health activities:** The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.

- **For health oversight activities:** The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.

- **Relating to decedents:** The Plan may disclose PHI relating to an individual’s death to coroners, medical examiners or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.

- **For research purposes:** In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research. Research means a systematic investigation designed to develop or contribute to generalized knowledge.

- **To avert threat to health or safety:** In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.

- **For specific government functions:** The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.

- **To workers’ compensation programs.** The Plan may disclose PHI when authorized by and to the extent necessary to comply with workers’ compensation or other similar programs established by law.

**Uses and Disclosures Requiring Written Authorization:** For uses and disclosures beyond treatment, payment and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. Your authorizations can be revoked in writing at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.

The Plan must generally obtain your written authorization before:

- using or disclosing psychotherapy notes about you from your psychotherapist (Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include summary information about your mental health treatment. The Plan is not likely to have access to or maintain these types of notes.).

- using or disclosing alcohol and substance abuse patient records.

- using or disclosing your PHI for marketing purposes (a communication that encourages you to purchase or use a product or service) if the Plan receives direct or indirect financial remuneration (payment) from the entity whose product or service is being marketed.

- receiving direct or indirect remuneration (payment or other benefit) in exchange for receipt of your PHI.
• **Uses and Disclosures Requiring You to have an Opportunity to Object:** The Plan may share PHI with your family, close personal friend or any other person you identify, without your written authorization, if that person is involved in your care and the information is relevant to your care. If the patient is a minor, we may disclose PHI about the minor to a parent, guardian or other person responsible for the minor except in limited circumstances. We may also provide PHI about your location, general condition, or death to assist in the notification of a family member, or personal representative or other person responsible for your care. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so).

• **Uses and Disclosures of genetic information for underwriting purposes.** The Plan is prohibited from using or disclosing PHI that is genetic information about you or your dependents for underwriting purposes. Genetic information for purposes of this prohibition means information about (i) your genetic tests; (ii) genetic tests of your family members; (iii) family medical history.

**Breach of Unsecured PHI.** You must be notified in the event of a breach of unsecured PHI. A “breach” is the acquisition, access, use, or disclosure of PHI in a manner that compromises the security or privacy of the PHI. PHI is considered compromised when the breach poses a significant risk of financial harm, damage to your reputation, or other harm to you. This does not include good faith or inadvertent disclosures or when there is no reasonable way to retain the information. You must receive a notice of the breach as soon as possible and no later than 60 days after the discovery of the breach.

**Your Rights Regarding Your Protected Health Information.**

You have the following rights relating to your protected health information:

• **To request a copy of this Notice:** You have a right to request a paper copy of this Comprehensive Notice of Privacy Policy and Procedures at any time. This right applies even if you have agreed to receive the Notice electronically. In addition, a copy of this Notice is available on the State of Delaware website at [http://ben.omb.delaware.gov/hipaa](http://ben.omb.delaware.gov/hipaa).

• **To request restrictions on uses and disclosures:** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law. In addition, you have the right to restrict disclosure of PHI to the Plan for payment or healthcare operations (but not for carrying out treatment) in situations where you have paid the healthcare provider out-of-pocket in full. In this case, the Plan is required to implement the restrictions that you request.

• **To choose how the Plan contacts you:** You have the right to ask that the Plan send you information at an alternative address or by an alternative means. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.
• To inspect and copy your PHI: Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI (in hardcopy or electronic form) in the possession of the Plan or its vendors if you put your request in writing. You may request your hardcopy or electronic information in a format that is convenient for you, and the Plan will honor that request to the extent possible. You also may request a summary of your PHI. If your PHI is maintained in an Electronic Health Record (EHR) system, you may obtain an electronic copy of your records. You may also instruct us in writing to send an electronic copy of your records to a third party. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. A single 30-day extension is allowed if the Plan is unable to comply with the deadline and if the Plan provides you with a notice of the reason for the delay and the expected date by which the requested information will be provided. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, you may be charged a reasonable, cost-based fee for creating or copying the PHI, or preparing a summary of your PHI. However, the fee may be waived, depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.

• To request amendment of your PHI: If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors, you may request, in writing, that the record be corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and tell others that need to know about the change in the PHI.

• To find out what disclosures have been made: You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. If we maintain your records in an Electronic Health Record (EHR) system, you may request that it include disclosures for treatment, payment or health care operations. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years (three years in the case of a disclosure involving an EHR). There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

How to Complain about the Plan’s Privacy Practices.
If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services. Filing instructions are available at [http://www.hhs.gov/ocr/privacy/hipaa/complaints/index.html](http://www.hhs.gov/ocr/privacy/hipaa/complaints/index.html). The law does not permit anyone to take retaliatory action against you if you make such complaints.

Organized Health Care Arrangement Designation.

The Plan participates in what the federal privacy rules call an “Organized Health Care Arrangement.” The purpose of that participation is that it allows PHI to be shared between the members of the Arrangement, without authorization by the persons whose PHI is shared, for health care operations. Primarily, the designation is useful to the Plan because it allows the insurers who participate in the Arrangement to share PHI with the Plan for purposes such as shopping for other insurance bids.

The members of the Organized Health Care Arrangement are:

- The State of Delaware Employee Health Care Plan
- The State of Delaware Employee Dental Care Plan
- The State of Delaware Employee Assistance Program
- The State of Delaware Employee Flexible Benefits Plan
- The State of Delaware Employee Pharmacy Care Plan
- The State of Delaware Employee Vision Care Plan
NOTICE OF CREDITABLE COVERAGE

IMPORTANT NOTICE FROM STATE OF DELAWARE GROUP HEALTH INSURANCE PROGRAM ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the State of Delaware Group Health Insurance Program currently administered by Express Scripts and your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

Medicare-eligible retirees are generally eligible for prescription drug coverage through the Express Scripts Medicare Prescription Drug Plan for the State of Delaware and do not need to enroll in another Medicare Prescription Drug Plan. Please refer to the section on the next page called “What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?” for important information.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. The State of Delaware has determined the prescription drug coverage offered by the State of Delaware Group Health Insurance Program currently administered by Express Scripts is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.
When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year after from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

*If you are a Medicare-eligible retiree, or Medicare-eligible dependent of a retiree, you are generally eligible for prescription drug coverage through the Express Scripts Medicare Prescription Drug Plan (PDP) for the State of Delaware. You cannot have coverage through another Medicare prescription drug plan and retain your coverage through the Express Scripts Medicare PDP for the State of Delaware. If you enroll in a Medicare prescription drug plan, other than the Express Scripts Medicare PDP for the State of Delaware, prescription drug coverage through the State of Delaware for you and your eligible dependents will terminate. You will not be able to re-enroll in the State of Delaware’s Prescription Drug Program until the State’s open enrollment period. The open enrollment period for the Express Scripts Medicare PDP for the State of Delaware is usually held in October of each year. In order to enroll in the Express Scripts Medicare PDP for the State of Delaware during open enrollment, you must have terminated the other Medicare prescription drug coverage.*

*If you are a Medicare-eligible active employee, you cannot keep your prescription drug plan with the State of Delaware and enroll in a Medicare prescription drug plan. If you enroll in a Medicare prescription drug plan, prescription drug coverage through the State of Delaware for you and your eligible dependents will terminate. You will not be able to re-enroll in the State of Delaware’s Prescription Drug Program until the State’s open enrollment period (usually May in each year). In order to enroll during open enrollment, you must have terminated the other Medicare prescription drug coverage.*

It is important that you compare your current plan, including which drugs are covered, with the coverage and costs of Medicare Part D plans in your area before making these decisions. If you consider enrolling in a Medicare prescription drug plan, check with the State of Delaware Statewide Benefits Office or State Pension Office before you enroll.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know if you drop or lose your current coverage with the State of Delaware prescription drug plan and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 % of the Medicare base beneficiary premium per month for every month you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19 % higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About Your Options
Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:
• Visit www.medicare.gov.
• Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help.
• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this creditable coverage notice.
If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
