Dear <Patient First Name> <Patient Last Name>:

**An Important Message About Diabetic Medications and Supplies**

The State of Delaware has asked us to inform you of an important enhancement to your prescription drug benefit. As of **July 1, 2006**, your plan no longer requires additional copays for diabetic supplies **when prescriptions for the supplies are submitted on the same day** as prescriptions for insulin or oral diabetes medication. Common diabetic supplies include lancets, test strips, and syringes/needles.

These prescriptions can be filled at any participating retail pharmacy, 90-day participating retail pharmacy, or via **Medco By Mail**. However, the prescriptions must be submitted on the same day in order for you to be charged only one copay.

Beginning July 1, if you have any questions or would like further information about your benefit, please visit our website at **www.medco.com** or call Member Services toll-free at 1-800-939-2142.

Sincerely,

Debra S. Funk  
Senior Director of Customer Service

LT938590

**Medco manages your prescription drug benefit for  
the State of Delaware's Group Health Insurance Program.**
